

ANGLIAN WATER

Liaison

Following the CBC Scrutiny Committee meeting on 20 Aug 15 Carolyn Lister has developed a dialogue with Anglian Water and has agreed to act as contact person for Moggerhanger's water issues. She would be grateful if you could update her about any further problems you may encounter.

It may be useful for everyone to keep a log of problems including dates and times as Carolyn is sure Anglian Water will be asking about frequency and duration of the problems we are experiencing.

Carolyn asks that every time you have a problem you complain to Anglian Water customer services. You can speak to someone in their water supply and sewerage services on 03457 145 145. This line is available 24 hours a day, 7 days a week Use their online form.
